## Projects

<https://resume--kanra.repl.co/>

<https://love-running--kanra.repl.co/>

## Education

March 2020 - Ongoing - Code Institute - Dublin (Online Course)

October 2018 - May 2019 - British and Irish Institute of Modern Music - Bristol BS2 8JN

September 2015 – July 2017 – Confetti Institute of Creative Technologies College - Nottingham NG1 3LL

September 2010 – July 2015- St Francis of Assisi CTC - Aldridge, West Midlands WS9 0RN

## Profile

I am a well-mannered individual who enjoys a challenge. I am always willing to give my full attention and effort in completing any tasks or activities. During busy periods, I am highly organised, supportive and adventurous. People often find, I am capable of participating well in teams as well as independently. I am punctual and can achieve any deadline I am set. I enjoy seeking out other people's experiences and knowledge to help better myself and give me a head start in any task in the future. I always try to stay calm and positive in stressful, high pressure situations and always try to achieve the best results I can. I see myself to be very sociable, outgoing and very easy to get on with.

## Working Experience

During my working experience, I would be given leading opportunities which gave me responsibilities of delegating tasks to staff and colleagues. keeping track of staff to customer interaction and making sure the customers receive the required and correct service. I consider myself to be very versatile and a great 'all-rounder', enjoying both helping customers in front of house roles as well as back end responsibilities. During my time at Maplin (2015 - 2017) , I had been promoted to Sales Team Leader, and further onto being promoted to Store Assistant Manager. This meant I had more hours, knowledge and responsibility over the store and its stock.

## Interests

In my life, I have taken part in many extracurricular activities, such as gymnastics, archery and swimming, in which I have achieved many awards and have raised money for charity. I now enjoy exploring my creative interests, such as photography, art and design; in which I took up as a college subject resulting in an BTEC Level 3, equivalent to an A Level. A passion of mine is music; being able to play quite a few instruments, I have been in several bands playing to large crowds of people. I have been in a few professional music groups, allowing me to have worked with a huge variety of performers from many different backgrounds, from starters to full professionals.
